INFORMATION PACK

INTRODUCING **SPLAT ATTACK'S** **NEW LASERTAG GAMES!**

Lasertag games are similar to paintball, except that there are no projectiles and no need for any protective equipment. Use your lasertag gun to shoot your enemies and your gun will let you know when you've been shot!

Have you been wanting to try Splat Attack paintball games, but didn't know what to do with the kids?

Well lasertag games **can be played by anyone aged 6 years and up**, so bring 'em with you and let them loose on the lasertag field while the adults are on the paintball field! But don't make the mistake of thinking this game is just for the kids - *anyone* over the age of 6 can play, so get out there!
